## Popular Topics of the Day.

Honolulu has as many machinists considering the population as any place we know of—and they're good machinists too, men who can take a steel rod and with the assistance of a lathe fashion it into parts for the most intricate machinery for an engine. To do this, of course, requires a knowledge of tools as well as the handling of them.

In our store room one department contains the most complete assortment of machinists' tools in the city. Look at them and you will find they are all of first quality (the price will give you the impression that they are thirds) every one of them shining like an African's heel. The assortment consists of hammers—all sizes and shapes from the cute little one used by the jewellers to the heavy one which the boiler maker uses in riveting the steel plates together. Then we have the Handy Pipe Wrench, a new device without a fault. This tool will be found a convenient one even in the house where none of the occupants are machinists. Hand vises for machinists can be had of us in every size manufactured, so can Pipe Vises and Cold Chisels. We have every thing used by metal workers in their trade.

Then we have a stock of carpenters wood working tools second to none in the city—first only in quality. You cannot call for a tool used by a carpenter that we do not have in stock. Another thing you may be interested in is an axe that will hold its edge—a new thing in axes and something every one needs about the house.

Bird cages have been mentioned in another paper; just here we will say that the stock we carry is complete.

#### E. O. Hall & Son.

Fort & King Streets.

## FITS CURED

(From U. S. Journal of Medicine.) Prof. W. H. Peck, who makes a specialty of Epilepsy, has without doubt treated and cured more cases than any living Physician; his success is astonishing. We have heard of cases of 20 years' standing cured by him. He publishes a valuable work on this disease which he sends with a large bottle of his absolute cure, free to any sufferer who may send their P. O. and Express address. We advise anyone wishing a cure to address, Prof. W. H. PECK, F. D., 4 Cedar St., New York.

## AGAIN THE STROKE LIFTS.

NO NEW CASE SINCE DAYLIGHT THIS MORNING.

Alarm Over Concealed Punchbowl Cases—One of the Patients Wants a Tooth Brush.

The latest case of cholera reported was at 5:10 a. m. today. That was Kukaulalii, taken at Kapuukolu and brought to the hospital.

It was reported early this afternoon that the police had discovered three cases. Up till 2 p. m. no report of such a discovery had been made at the Board of Health office.

Kahilo died last night. He had been attended by a Chinese doctor.

Kealakai, reported in yesterday's paper as dying, was dead before the paper went to press.

This morning's bulletin of the Board of Health was comparatively inspiring of hope. There had been but one new case of cholera and one death up to 6 a. m. since our report of yesterday. That made eight cases in the twenty-four hours. There were four patients alive in the hospital at 6 a. m. The whole number of cases up to that hour was 33. Only 14 of these were reported "soon after taken sick."

A watchman was placed at the garbage dump opposite the BULLETIN printing office on the esplanade yesterday, after a Chinaman had been detected grubbing in the mass for articles to carry off.

The native named Keawe who died of cholera on Punchbowl street, in a house near the Mormon church, was discovered by accident. The patrol heard a lot of natives wailing, and proceeded to investigate the cause. The dead man was laid out on a bed and was absolutely nude. The only thing he had on him was a leis on his neck. The natives who were wailing in and about the house all scampered off on the approach of the officers, who could gain no information concerning the man's sickness.

An observing old resident thinks the disease was brought here by the steamer City of Peking early in August and not by the Belgic. He insists that the first case was the death of that man who was given an obituary by a contemporary which belonged to a man still living.

The concealment of Keawe's death, mentioned in another paragraph, is causing some alarm at the Health Office, it being feared that infection may be spread by the people who attended the wake.

Simeons, reported still alive yesterday, was in vital evidence today to the degree of asking for a tooth brush. He will probably be discharged as cured tomorrow.

At a special meeting of the Board of Health today, district committees of prominent Hawaiians were appointed to instruct the natives in preventive measures and how to act if taken with the disease.

Senator Henry Waterhouse is one of the workers at the Health Office.

Dr. Hearne, who lately settled at San Diego with his wife, sued the San Francisco Chronicle for libel, for intimating that the couple had criminal knowledge of the death of Mrs. Hearne's previous husband, Amos J. Stillwell, a wealthy pork packer at Hannibal, Missouri. The Chronicle management put detectives of its own on the case, the result being that the doctor and his wife are imprisoned on a charge of murder.

## THE DISTRICT COURT.

Sentenced to Two Months' Hard Labor for Larceny.

There were thirty-five cases of infractions of the law brought to Judge Perry's judicial attention this morning and it was no easy task to dispose of them all.

Jack Foster, Frank E. Lynn and W. L. Frazier, charged with disturbing the peace and quiet of the night, were not prosecuted.

Henry Cockett will be tried tomorrow on an assault and battery charge.

Three Japanese pleaded guilty of gambling and got the usual fine of \$10 each and costs.

The adultery case of Louis Seymour and Ane Haahao was continued till moved on.

Yee Kai was fined \$50 and costs for the unlawful possession of opium, and the charge against him of attempting to bribe an officer dismissed. Three other celestials arrested on a similar charge were nolle pros'd.

Ah Ko was tried for the larceny of one chicken, found guilty and sentenced to two months on the reef.

A number of other cases were put off to future dates, and the remainder of the calendar will be taken up this afternoon, the cases of Mary Siegner and V. P. Crusto for deserting their husbands coming first.

### Circuit Court Notes.

Still another move has been made in Nahaolelua and others vs. Kasa'u and others, Enoch Johnson, attorney for plaintiffs, having appealed from Judge Cooper's refusal of his motion to have rents computed.

The first account of Mrs. C. H. Banning, administratrix of the estate of J. F. O. Banning, have been approved by Judge Cooper. It shows receipts of \$21,054.79 and a balance of \$310.13.

Argument on demurrer in the breach of promise suit of Mrs. Kahananui vs. V. V. Ashford is to be had in vacation.

Judge Cooper took the defendant's demurrer in the Chinese theater injunction case under advisement.

### Chinese Goods Destroyed.

The following goods were taken from the "unpermitted stores" in the Customs warehouse: 20 packages of sake, 22 packages soy, 8 packages Chinese medicine wine and 5 packages Chinese herbs and medicine, and were all destroyed this morning by order of the Board of Health. They were deemed a menace to public sanitation.

### Regatta Postponed.

At a meeting of the Hawaiian Rowing Association held at 1 o'clock this afternoon at Judge Robertson's office it was decided to indefinitely postpone the regatta fixed for September 21st.

For rowing or cycling an elegant line of sweaters "cheap" assorted colors. McInerney. \*

Ladies on the other Islands can do their shopping by post by applying to L. B. Kerr for samples. They should embrace this opportunity, and get a single yard at wholesale prices. \*

Correspondents of the BULLETIN should hand in their communications early in the day to insure publication. All display advertisements should be sent to the business office before noon of each day. Reading and "By Authority" notices may be sent in any time up to 2 p. m.
